Guidelines for Shell Scheme Exhibitors

Booth Guidelines:

1. The organizers are recommended no additions or any change to the standard Shell Scheme booths. Should you do wish to do so, please contact the official Shell Scheme agency.
2. Do not Spray, use glue or silicone on the booth panels.
3. Do not paint, spray-paint, or write on the booth panels.
4. Do not drill, nail, perforate, tack down, staple or cause any damage to the booth panels or any parts of the standard shell scheme booth. Should you need to affix any exhibit or sign to the booth panels please contact the official shell scheme agency.
5. For multiple booths, participation in between the booths will not be provided, unless specifically requested.

Note: In case of violation on the above rules, the official Shell Scheme Booth Agency will be obligated to request the payment from Exhibitor for any damage caused at the rate of INR **2,500.00** per panel.

Electrical Guidelines:

1. Power up to 1 KW only for per socket each for 9 sqm, for additional power requirement; please refer to Online Form – Electrical Power Supply.
2. The official shell scheme booth contractor will only provide the basic electric supply (1KW for each standard shell scheme booth of 9m² and in multiples there of only). For additional power requirement beyond their allocated provision, please refer to our Online Form – Electrical Power Supply in the exhibitors' manual to order the same.
3. Heat emitting light fittings such as halogen fitting and incandescent bulbs more than 100 watt should not be used for stand lighting neither by official service provider & nor by any third party contractors.
